## USA IMPOSES MAJOR ANTIDUMPING DUTIES ON FLOAT GLASS FROM CHINA & MALAYSIA

- The U.S. Department of Commerce finalized **antidumping and countervailing duties** on float glass imports from China and Malaysia.
- Chinese imports face duties of up to **181.5%**, with subsidy rates averaging **19.8%**.
- Malaysia faces lower but still significant duties of **8.8%**.
- The decision follows findings that imports were sold **below fair market value**.

### What This Means For Us

- Potential price increases and supply chain shifts in the float glass market.
- Companies may need to **rethink sourcing strategies** and supplier diversification.

## New Swing Shift in Houston

### NEXT-DAY DELIVERY GUARANTEED

Our Houston branch has launched a new swing shift operation, enabling us to guarantee next-day delivery for our customers. This operational enhancement strengthens our commitment to faster, more reliable service.

**swisspacer**  
SAINT-GOBAIN

High-Performance Spacer Bars for Energy-Saving Windows

Swisspacer: spacer bars reduce thermal conductivity, improving the performance of insulated glass units.

They enhance window and facade U-values more efficiently and cost-effectively than glass or frame materials alone.

**EPD Certified**

Low carbon footprint confirmed by Environmental Product Declaration, helping meet building sustainability standards.

## WAREHOUSE EXPANSION — SAVANNAH, GA

GROWING TO SERVE BETTER

Our Savannah branch is undergoing a significant warehouse expansion, adding 20,000 sqft to reach a total of 51,000 sqft, in order to accommodate growing demand and improve storage and distribution capacity

This investment reflects our ongoing commitment to scaling operations.
